• STOP. THINK. SORT.

• The holiday season is approaching! That means time for family gatherings, holiday parties, festive decorations and gift giving! This is also a time where a lot of waste is produced—household waste increases by more than 25 percent. Added food waste, shopping bags, packaging, wrapping paper, bows and ribbons—it all adds up. And it's not just trash. Mid Valley Disposal would like to remind you of the different materials that should be kept out of the trash during this holiday season. Please place the following items inside your recycling cart or bin:

- Greeting Cards
- Gift Wrap Products
- Plastic Gift Cards
- Paper Products
- Plastic Containers
- Tin Cans

Dear City of Fresno Commercial Customers,

We value our partnership with the businesses in the City of Fresno and believe that a strong relationship is based on providing excellent service at the best price. We work hard every day to ensure effective and efficient service; however, like you we cannot avoid the rising costs of doing business. Therefore we are implementing a CPI rate increase on January 1st, 2017. The Consumer Price Index (CPI) measures the cost of different products and services across the country and is published monthly. As always, we are committed to providing excellent service to the businesses we serve.

We value our partnership with the businesses in Fresno and look forward to providing excellent service for years to come.

HAPPY HOLIDAYS!
