DISPOSAL**

**MID VALLEY
DISPOSAL**

Mid Valley Disposal school education program is focused to improve our environment by reducing waste and recycling. Our program is offered to schools and students grades K-12.

In 2012, California Law AB341 was passed requiring schools and school districts that generate more than 4 cubic yards of waste per week to recycle.

In 2016, California Law AB 1826 will require businesses and schools that generate more than 8 or more cubic yards of waste to subscribe to organic waste recycling services.

Our free education programs will help you meet this standards.

SUBJECT LESSONS

- Physical Science
- Earth Science
- Life Science
- Resource
- Investigation and Experiment

CLASSROOM/ASSEMBLY PRESENTATIONS

We cover topics that correlate to California Science Content Standards for K-12. We can vary our presentations from 15 to 45 minutes and they can include both a presentation, hands-on activities, and games. Making a positive impact on the learning environment.

LEADERSHIP CLASSES

A Recycling Coordinator can meet with leadership classes and guide students to promote recycling on campus, and take lead of the campus recycling program.

**MID VALLEY
DISPOSAL**

CONTESTS

We can sponsor contests between classroom(s) that promote recycling education. We will provide the prize. A popular idea is a poster contest.

FACILITY TOURS

During the tour, they will receive educational information on the importance and benefits of recycling along with the entire recycling process that occurs behind the scenes.

SPECIAL EVENTS

The recycling coordinator is available to attend special events such as school carnivals, Earth Days, career days, etc.

RECYCLING BINS

A Recycling Coordinator will assist each school site to implement a recycling program on campus. By right sizing bins and keeping recyclables out of landfills!
